

## **Why MaxCallback?**

- ❖ Low rate long distance calling from any country in the world
- ❖ Multiple phones can be used by one account for callback like home phone, cell phone or hotel / office phone.
- ❖ No need to buy any new hardware to use callback service.
- ❖ Callback is beneficial for travelers or for customers in countries where local telecom providers charge extremely high costs for making international calls.
- ❖ High quality of call using same local telecommunication providers infrastructure
- ❖ Online billing and account details
- ❖ Online call history and usage

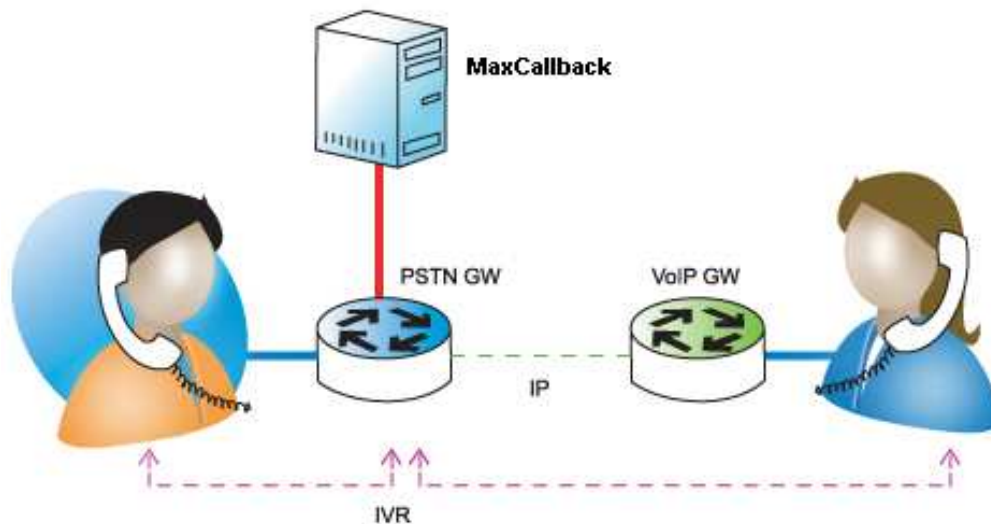

## How does it Work:

- 1- Register your phone number
- 2- Dial Access number
- 3- Your phone will hung up after first ring
- 4- Few seconds later your phone rings
- 5- Pickup phone and hear message
- 6- Dial your destination number using following format:

For example your destination number is London landline: Dial: 44 20 8965 4048

(Do not dial 00 before country code)

- 7- Enjoy talking
